4. The following is an examiner's statement of reasons for allowance: prior art does not teach the claimed limitations pertaining to the router that includes partitioning lines to partition a design layout region, identifying routes that traverse sub-regions, and storing the identified route in a storage medium if it is determined that the route is not stored already. Furthermore prior art does not teach the additional limitation of establishing a relationship between a route and sub-regions.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
